Hot Cocoa with Whipped Cream

Coffee and Tea 6
Cappuccino 10

WARM CHEESE FONDUE

40

Served 2 People

A take on classic fondue, we use the best Vermont Cheddar and the top New England Winery Chardonnay to create a unique profile that is both warm and flavorful.

It is served in a beautiful ceramic fondue pot and served accompanied by a wood slab filled with cut fresh baguettes, warmed to a crispy texture, as well as broccoli florets, sweet red and yellow baby peppers, brown cremini mushrooms (a flavorful button style mushroom), and Steamed Yukon golden creamer potatoes. Sit by our fire pits and take the chill off as you step back into a simpler time.

WARM CHOCOLATE FONDUE

40

Served 2 People

A must do this winter is our Warm Chocolate Fondue! We start with a Valrhona 55% Equatorial dark chocolate ganache that has a great balance of bitterness with fruity notes and just the right amount of sweetness. To this we add local cream to make a decadent dip for all our house made accompaniments that include Spiced Pound Cake, Brown Butter Madeleines, Toasted Almond Financiers, Strawberries, Cantaloupe and Vanilla Bean Marshmallows.

CHOCOLATE S'MORES

20

Cozy up to the fire, grab a skewer and get toasting. Once you have achieved that perfectly toasted or crispy molten charcoal hue to your marshmallow you can pair it with a piece of our in house casted Valrhona 62% dark chocolate bars. To which you sandwich the two between our fresh baked graham crackers and enjoy.
